SONIA UWITONZE

Software Engineering Undergraduate | Full-Stack Developer | Web & Mobile Developer

Kigali City, Gasabo District, Rwanda | +250 792 728 289 | uwitonzesonia2005@gmail.com | linkedin.com/in/uwitonze-sonia | github.com/Uwitonzesonia

PROFESSIONAL SUMMARY

Software Engineering student at AUCA and full-stack developer who builds web and mobile products end to end — from Figma designs to working React, Next.js and React Native apps backed by Node.js, PHP, Firebase and SQL databases. Currently building Ubuzima, a health-support mobile app, and developing the frontend of a restaurant management SaaS in a team at Solvit Africa. Learns fast, writes clean responsive UI, and turns real-world problems into software people can use.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+) · TypeScript · Python · PHP · Java · C · C++
Frontend:	React · Next.js · HTML5 · CSS3 · Tailwind CSS · Figma
Mobile:	React Native · Expo · Expo Router
Backend & Data:	Node.js · Express.js · REST APIs · MySQL · PostgreSQL · Firebase · Hibernate · Google Apps Script
Tools & Methods:	Git · GitHub · VS Code · Vite · OOP · Data Structures · Responsive Design

EXPERIENCE & TRAINING

Solvit Africa — Software Development Program (Trainee Developer) 2026 – Present

- Develop the frontend of Bara, a restaurant management SaaS (Next.js, TypeScript, Tailwind CSS, shadcn/ui), turning Figma designs into dashboard, inventory, billing and reports pages.
- Integrated a REST API into a team-built movie & series platform (React, TypeScript).
- Work in agile teams with Git branching, pull requests and code review.

Gym Rwanda Programming Training April 2025 – September 2025

- Completed a six-month intensive programming training focused on problem solving and real-world coding.
- Built hands-on projects including a Tailwind CSS gaming landing page and JavaScript applications.

NetBrain — Network Operations Intern 2025

- Practised network troubleshooting, protocols and topology design.
- Built foundations in network security and cybersecurity.

SELECTED PROJECTS

Ubuzima — Health Support App *(in progress)* Code

Building a cross-platform health app that guides people with mild illness from a symptom check to care advice, the nearest pharmacy, and a doctor. Reads body vitals from smartwatches and phones through Health Connect (Android) and HealthKit (iOS).

Tech: React Native, Expo, TypeScript, Health Connect

Bara — Restaurant Management Dashboard *(in progress)* Code

Developing, in a team at Solvit Africa, the frontend of a restaurant management SaaS: operations dashboard, inventory, menu, billing, transactions, reports and AI-insights pages built from Figma designs.

Tech: Next.js, TypeScript, Tailwind CSS, shadcn/ui

Movie & Series Website Code

Built with a team a responsive streaming-style platform with movies, series, trends, collections, pricing plans and FAQ, powered by a REST API and React Router.

Tech: React, TypeScript, Tailwind CSS, React Router

Netflix — Movie Ticket Booking App *(in progress)* Code

Building a cross-platform cinema app where users browse movies, view details, pick seats, sign up and keep their tickets, with file-based navigation and a responsive layout.

Tech: React Native, Expo Router, TypeScript

Solvit Student Portal *(in progress)* Code

Building a role-based school portal with Firebase authentication: student and lecturer dashboards for courses, assignments, attendance, class rosters and grading.

Tech: React, TypeScript, Firebase, React Router

Weather App

Built a weather app that shows live conditions for any city from the OpenWeatherMap API, with Firebase login and protected routes.

Tech: React, TypeScript, Firebase, Tailwind CSS

+ 6 more projects at github.com/Uwitonzesonia

EDUCATION

AUCA (Adventist University of Central Africa) — Bachelor's in Software Engineering (in progress) September 2024 – Present

Ecole Secondaire Gikondo — High School Diploma (A1) — Mathematics, Computer Science & Economics (71.61%) 2019 – 2023

CERTIFICATIONS

EF SET English Certificate — 52/100, B2 Upper Intermediate (CEFR) — EF Standard English Test (cert.efset.org/DSLBfv) July 2026

LANGUAGES & STRENGTHS

Languages: Kinyarwanda (native) · English (B2 Upper Intermediate, EF SET) · Swahili (good) · French (intermediate)

Strengths: Problem solving · Team collaboration · Communication · Adaptability · Leadership · Time management · Willingness to learn
